ACCOMPLISHMENTS

- Achieved recognition as a prize winner at TechTatva 23, a prestigious event at Manipal Institute of Technology, showcasing the impactful contributions to the collaborative local event exploration app called Xplorer.

- Earned 2nd place at Code Craft, held at T. A. Pai Management Institute (TAPMI), Manipal for a project named Cropify, accentuating the project's standout performance in plant disease detection and soil analysis through image detection. This achievement underscores the effectiveness of the meticulously crafted backend infrastructure.
